Reduce, Reuse, Recycle

We supply the best quality rubber, self-inking and pre-inked stamps fast and now we have gone GREEN!
Most of our products are now eco friendly. Many are produced with reprocessed abs.
In addition our environmental policy includes recycling much of our waste material.

Page 1 - The base of our traditional stamps are now produced with 100% reprocessed abs.
Page 2 & 3 - Our very popular MaxStamp custom made self inkers are now being manufactured with recycled material.
Page 7 - We now stock a self-inking range produced from reconstituted plastic material.
Page 24 - Our stamp pads are now produced from recycled material.

The 2019 Catalogue

Not all products are featured, just the most popular. Any special requirements please contact us.

This is bright and modern in appearance and of a robust construction. The stamp is indexed: you can see the impression you will make through the clear plastic cover on the upper surface of the mount.

No additional charges are made for borders. Logos also can be incorporated at no extra charge provided we receive good quality artwork.
Die only as price chart with 25% off.

This range is NOW produced from recycled material. The base of the mount is made from reprocessed abs. The handles are reproduced from prime material for impact strength but can be returned to recycle in base production.

Larger Stamps

Larger stamps are usually supplied on wood moulding (A). To enable easier use where suitable, these include a holding handle for a comfortable grip. They are still available on our Lightning service at no extra cost.

Rocker stamps (B) can be made, but these take a little longer and incur an additional minimum charge of £26.70

INT:

Perma Stamp - the original pre-inked stamp. The micro porous material contains sufficient ink to give 1000's of impressions. Simply remove the protective cover and the stamp is ready to print. When the impression eventually fades, it can be refreshed with re-inking fluid. We recommend that all perma stamps are refreshed regularly. This will prevent drying out causing contraction and potential damage.

Available in black, blue, red, green and violet.

The price is based purely on size - decide the overall dimensions of the stamp (width x depth) and refer to the pricing chart to obtain an instant price. No additional charges are made for borders.

Logos can be incorporated at no extra charge providing we receive original good quality artwork.

For two colour pre-inked stamps allow a minimum of 3mm between colours and add 30% to the price indicated.

Please remember the quality of the finished product will depend on the quality of the photos you supply.

We recommend high resolution pictures at least 300dpi at the given size of the item, or a photo from at least a 7 megapixel camera will do just fine.

Although we will endeavour to fit whatever artwork you supply to your products, depending on the proportions it may be necessary to crop your image. If you have certain requirements please let us know and we will work with you to get the best possible results.

Also for products with two printable sides (keyrings), we will print the same image on both sides unless a second image is sent or you instruct us to leave the other side unprinted.

If you have any other queries about your photos the please feel free to get in touch.

Due to the manufacturing process an exact colour match is not guaranteed.
